Justice of the peace (Round Mountain township)—J. Alexander.

Justice of the peace (Rhyolite township)—John H. Hendrick.

Constable (Rhyolite township)—T. W. Hoffman.

The race in the Democratic party for the office of county clerk is extremely close, but six votes separating J. E. McNamara and J. A. Timlin. It is probable that Timlin will demand a recount.

## STRIKE MADE IN VICINITY OF CEDAR CORRALS

#### NEW DISCOVERY MADE IN DISTRICT EIGHTEEN MILES EAST OF TONOPAH.

News of a new find of ore in the immediate vicinity of Cedar Corral, within eighteen miles of Tonopah, east, created a small stampede of prospectors to the new discovery. Four samples brought in last Thursday and assayed by one of the local assayers returned values running \$14 to \$325 to the ton in silver and gold, the principal values in the white metal. The prospecting work consists of a trench twenty feet in length on the croppings, which are between three and one-half and four feet wide.

The strike was made by J. J. Clark and Ed Johnson of Silver Bow. Charles Glenn and Elmer Damon of the same place have secured a number of promising adjoining claims on which they have started to do development work. Several prominent local capitalists have been out and visited the scene of the latest strike and speak favorably of it, but do not think well of the prohibitive figure asked for the property.

#### PRESS REPORT DELAYED FOR SEVERAL DAYS

Owing to the fact that the Bonanza, as a member of the Associated Press, has been receiving the night report, and to change to the afternoon requires several days' time, we will apologize for the lack of outside news in this afternoon's issue. However, we hope to have the report inside of the next few days, and in the meantime will dish out the night report in the afternoon paper, commencing tomorrow.

#### EXPENSIVE VOTES.

In Jumbo district there were eleven votes cast and this cost \$135, exclusive of Jumbo's share in the cost of publishing election notices and printing sample and official ballots, which makes votes in Jumbo worth a dozen dollars, or probably as much as \$15 a piece.

## THIRTY TONS OF DYNAMITE FIRED IN ONE BLAST

#### H. C. ROGERS, WELL KNOWN POWDER MAN, SUPERINTENDS THE EXPLOSION.

H. C. Rogers, the veteran expert of the Giant Powder Company, Consolidated, of California, arrived in Tonopah yesterday after an absence of several weeks. Mr. Rogers spent his time at Fleming, a clay quarry near San Bernardino, where he superintended the discharge of fifteen tons of giant powder. The blast was the largest ever fired in southern Nevada, and it is estimated that 200,000 tons of clay were loosened. The quarry is the property of the Portland Cement company and the thirty thousand pounds of dynamite was used to blast a mountain, and when the smoke died away, the hill was transformed into a crumbling mass. So accurate were Mr. Rogers' calculations that not a lump of earth was thrown on the tracks of the Santa Fe railroad, 150 feet distant. Mr. Rogers was the recipient of congratulations from the officials of the cement company who witnessed the blast, and also from a large crowd of spectators who journeyed out from San Bernardino to witness the explosion.

#### GLOBE TROTTERS HAVE RETURNED TO NEW YORK

Mesdames Hugh H. Brown, J. W. Stewart and W. L. Berry, who have been touring Europe for the last few months, landed at New York Friday, according to advices received here Saturday. The party are expected to return to Tonopah in about two weeks.

#### APPOINTED CHIEF CLERK OF LOCAL RAILROAD

Ernest LaTourette, formerly storekeeper of the Tonopah and Goldfield road, passed through Tonopah this morning on a trip over the local road. Mr. LaTourette has been appointed chief clerk of the company, filling the office formerly held by R. B. Gribble, who resigned several weeks ago, and will assume his new duties in a few days.

## BIENNIAL CONVENTION OF THE NATIONAL REPUBLICAN LEAGUE

#### Will Bring Together the Largest Number of National Party Leaders Seen at a Convention This Year.

(Special to the Bonanza.)

WASHINGTON, Sept. 12.—The biennial convention of the National Republican league, which will be held in New York Friday and Saturday, September 30 and October 1, gives promise of bringing together the largest number of national leaders of the party seen at a convention of this year, and bids fair to outstrip any of its predecessors in the number of delegates in attendance. Colonel Theodore Roosevelt endorsed the work of the league in no uncertain way when he was president by stating in a public address that, "Money cannot buy the work the league is doing. It arouses young men to important public service. I heartily approve of the league and its mission."

President Taft is also a believer in the purpose of the league, which is the greatest volunteer organization connected with the Republican party, performing its work without regard to emolument, having at heart only its success and its perpetuity. In speaking of the work of the league, President Taft said in the campaign of 1908:

"Your enthusiasm and your numbers are a good augury of the results in the coming election, because you believe in the Republican party; because you believe that it keeps its promises; because you believe that the party is one that has cohesive power enough and governmental experience and statesmanship enough to do things; because you believe that it has in it the moral force to resist selfish influences that attempt to turn it from its purpose and to pursue a course consistent with the public interests."

#### SURVEYOR DROWNED IN NORTHERN WASHOE

RENO, Nev., Sept. 12.—Surveyor General Kyle last evening received a telegram from Gerlach, in the northern part of this county, stating that Fred C. Smith, a young surveyor, had been drowned in the warm springs at Gerlach while in bathing. The telegram also stated that the body had not been recovered.

Smith, who was quite a young fellow, left this city with a party of sixteen on the 25th of August, to make government surveys in the northern part of this county under the direction of William Strover, supervisor of surveys in Nevada. The springs near Gerlach, in which the young man was bathing are not very large, and how he happened to drown in them is unaccountable.

#### CATTLE SCARE.

There is a scarcity of beef cattle in Nevada and for the first time in several years ranchers around Reno will be able to feed all the cattle that can be driven in.

#### CROSSES CONTINENT ON A MOTORCYCLE

NEW YORK, Sept. 12.—Bearing a letter of greeting from Mayor McCarthy of San Francisco to Mayor Gaynor of New York, William Strief of San Francisco reached New York today on the motorcycle on which he had made a transcontinental trip.

Strief will deliver Mayor McCarthy's letter to Mayor Gaynor at St. James, L. I., tomorrow.

The Bonanza's ruling and binding plant is still running. Bring in your orders.

each state is entitled to six delegates-at-large and four delegates from each congressional district where league clubs are organized. Thirty-five of the forty-six states have already selected their delegates to the forthcoming convention, which will be held in Carnegie hall, New York city. The remaining states, according to letters received by John Hays Hammond, will select delegates within the next two or three weeks, interest in the league work being largely accentuated by reason of the promise of a rousing demonstration by Republicans which will occur on this occasion.

There will be a number of notable speeches made during the two days of the convention, winding up in a blaze of glory with a banquet at the Hotel Astor, which has been selected as league headquarters. At this banquet President Taft and Vice President Sherman will make addresses, and possibly Governor Hughes. During the convention proper speeches will be made by William B. McKinley of Illinois, chairman of the National Republican Congressional committee; Nicholas Longworth of Ohio and J. Benjamin Dimmock of Pennsylvania, ex-mayor of the city of Scranton and one of the great orators of the country. Mr. Dimmock was strongly talked of for United States senator to succeed Philander C. Knox when the latter left the upper branch of the national legislature to become secretary of state. Representative J. Hampton Moore of Philadelphia, one of the ex-presidents of the National Republican league, is also expected to address the convention, as will a number of other leaders.

#### GUSHERS AFIRE AT BAKERSFIELD

BAKERSFIELD, Cal., Sept. 12.—Flames shooting 300 feet in the air from two blazing gushers of the North Midway group of flowing wells kept this city and the entire west side oil region in a state of great excitement for three hours this afternoon, while 200 fire fighters struggled vainly until the wells sanded up and stopped the fires themselves.

While the flames were at their height a fissure more than a thousand feet long and of unknown depth opened up from a well near by, and breaking the embankment of sump holes, caused the loss of a large quantity of oil.

#### OFFERS PRIZE OF \$20,000.

PARIS, Sept. 12.—The municipality of Paris proposes to offer a prize of \$20,000 to the French aviator making a flight with a passenger from Paris to Brussels and return on the occasion of the visit of the city council to Brussels on September 26.

#### SNOW IN COLORADO.

FORT COLLINS, Colo., Sept. 12.—Snow fell in the Medicine Bow range of mountains fifty miles west of here today and settled down into a steady storm along the continental divide as far north as Wyoming. In the low altitudes it rained.

#### CHOLERA IN ITALY.

ROME, Sept. 12.—During the last twenty-four hours four new cases and five deaths have been reported from towns in the cholera infected district in southeastern Italy.
